# The Concept

The reality of a regular classroom

A new view of the classroom

**Home**

- ✓ Listen to the Teacher
- ✓ Copy from the board
- ✓ Read/watch/listen to a document

**Home**

- ✓ Learn from the notes
- ✓ Complete exercises & activities for understanding
- ✓ Do individual research or activities to reinforce concepts

# Why Do It?

- ✓ **Students learn at their own pace.**
- ✓ **Students are no longer passive in class. They are active.**
- ✓ **Teachers become coaches and can personalize instructions, corrections, and help.**

# **Flipped Classroom Videos are NOT...**

**YouTube or other pre-existing videos posted on the Internet**

**They ARE...**

- ✓ **an extension of the teacher, meant to build a relationship with the students.**
- ✓ **flexible and should compliment and reflect the teachers own personal style.**
- ✓ **tools to be used as the teacher deems best, be it in the class or at home.**

# Video Production Tools

- ✓ **PowerPoint**
- ✓ **A quality headset**
- ✓ **Desktop Recorder**

- ✓ **Free .AVI to .FLV Converter**  
**(by Convert Audio Free)**

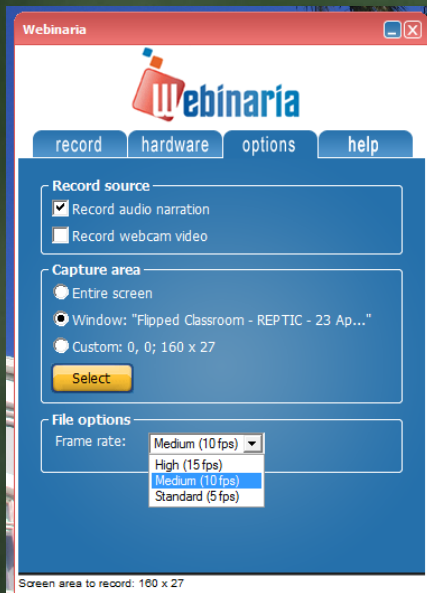

**Free AVI to FLV Converter**

# Webinaria Desktop Recorder

- ✓ **Why Webinaria?**
  - ✓ **It's FREE!**
  - ✓ **It can record any length of video.**
  - ✓ **You don't have to post on YouTube or other sites. You can save it and keep it as your own work.**

## ✓ **How does it work?**

- **Produce your PowerPoint**
- **Set up your slideshow to show in “browsed by an individual”**
- **Size your PowerPoint window on the desktop**
- **Start your Webinaria program**

- Set your options in the program.
- Resize the Webinaria frame to cover the PowerPoint window.
- Move all windows away from the PowerPoint.

Click “record” in the Webinaria panel and have fun!
